## RUDOLPH PRAISES ANNUAL FESTIVAL

### Sees Education in Good Citizenship in Neighborhood House Program.

Commissioner Rudolph believes that the twentieth annual festival of the Neighborhood House, which will be held Thursday, Friday and Saturday of this week, is not only an artistic achievement, but a real education in citizenship.

"When nearly 100 people work together on a folk festival such as the one at the Neighborhood House, they learn the real meaning of co-operation," the Commissioner said. "Good citizenship is nothing more than team work, and I wish that there were a Neighborhood House for every section of the city. It takes good old-fashioned neighborhood spirit to produce a twentieth anniversary festival that has captured the fancy of a whole neighborhood so fully. I understand that the old players are coming back to explain just how minuets and minuets were done in their day."

The twentieth anniversary festival begins at 4 o'clock Thursday afternoon. Children's matinees will be held both Thursday and Friday afternoons, with "Jack and the Beanstalk" and "Alice in Wonderland" as the features of the program. These plays will be given by the boys and girls of the Neighborhood House. The day nursery children will appear in special tableaux and the kindergarten pupils have three tiny plays of their own.

The evening performances begin at 8 o'clock for the last three nights of this week. A special feature arranged for the evening is an entertainment will be "Hansel and Gretel."

Saturday afternoon's carnival will include an address by Commissioner Rudolph, a concert by the United States Navy Band and a parade of more than 400 costumed children, presided over by a May queen, chosen because she has been the year's best club member at the Neighborhood House.

### TWO SHOT AND KILLED IN UNDERWORLD FEUD

One Man Dies of Three Wounds. Other Receives Five Shots, in Philadelphia Duel.

PHILADELPHIA, Pa., May 2.—Two men were shot and killed early today in what police believe was an underworld feud. Two conflicting accounts of the affair, which occurred in a house at 1025 Melton street, are being investigated.

Harry Stinger, thirty-five, who died in a hospital from three bullet wounds, said he had killed "Buck" Bailey in a pistol duel, according to the police. Bailey was shot five times. Stinger's story was that the men had quarreled over a woman, police said. Another version was given by Hyman Gold, arrested after the shooting. He said Stinger and Bailey were shot by six men who drove to the house in an automobile and began firing wildly in the parlor.

Residents of the vicinity told police they saw two automobiles, each containing about six men, stop at the house a few minutes before the firing was heard. The woman, named by Stinger as the cause of the shooting, escaped in one of these cars, police said.

## TRANSFER OF HOSPITALS TO BE AID TO VETERANS

### Responsibility for Care Now in Hands of Bureau Alone, Declares Forben.

Transfer of fifty-seven hospitals, one purveying depot, and nine hospitals under construction from the public health service to the Veterans' Bureau by executive order of President Harding last Saturday, "places the hospitalization of the disabled veterans under one organization, which will facilitate their hospitalization," said Col. Charles E. Forben, director of the bureau today, "and materially lessen the administrative

difficulties of this bureau." The responsibility for the care and treatment of disabled service men is now in the hands of the United States Veterans' Bureau, he said, "and that responsibility will be squarely faced. This transfer is a natural development under the authority granted under section 9 of the act to establish the Veterans' Bureau, approved August 9, 1921." All facilities, property, and equipment in the hospitals were transferred to the Veterans' Bureau. The commissioned personnel of the United States public health service on duty in these hospitals will be detailed by the surgeon general of the public health service to the Veterans' Bureau. The personnel on duty in the public health service who were paid out of the Veterans' Bureau funds will be transferred and given appointment in the Veterans' Bureau. Among the hospitals transferred

were Mount Alto, on Wisconsin avenue, this city, and the institution and purveying depot at Ferryville, Md. Capt. Albert E. Haan, manager of the fourth district of the Veterans' Bureau, said yesterday that no immediate changes would be effected at the institutions, but that at Mount Alto it was hoped more vocational training equipment might later be added.
